

Leader as Coach

A one-stop coaching skills programme for organisational managers & leaders

Leader as Coach

This coaching programme is designed for leaders, managers & those who have a key role in the development of others in the workplace.

This 2-day programme is recognised by the Association for Coaching in supporting leaders and managers develop the practical knowledge and skills of organisational coaching. This training will provide participants with the necessary skills to engage in coaching conversations that not only enhance the performance of their people and teams; but significantly develop their own people development skills as a leader.

This programme is designed to be delivered as stand-alone coaching skills training or as part of wider leadership development within your organisation. Progression from this programme includes undertaking more formal coach development through professional qualifications at levels 5 and 7 or as part of developing a wider coaching culture within your organisation.
